Member of Associated Press

## TERMS OF SUBSCRIPTION

One year	\$12.00	Three months	\$3.50
Nine months	10.00	One month	1.25
Six months	6.75	One week	.35

Subscriptions by mail must be paid in advance.

## \$10 REWARD.

A reward of \$10 will be paid for information that will lead to the arrest and conviction of parties stealing The Bonanza from subscribers.

## TO SUBSCRIBERS.

Parties who do not receive their papers, or who have any cause of complaint, will oblige The Bonanza by notifying this office.

Entered at the Postoffice in Tonopah as second class matter.

## A RANK INJUSTICE.

The "salary act," passed by the last legislature contains some peculiar features and many are of the opinion that an injustice will be done to persons holding office in Nye county. The measure reduces salaries as much as 50 per cent in some cases and in others leaves them as they are present, giving the impression that favoritism has been shown in fixing the compensation to be received by the county office holders.

The present set of officers were elected before the bill reducing their salaries was passed and many attorneys are of the opinion that it cannot become operative until their terms expire, although the measure calls for the reduction to take effect January 1, 1910.

## WHY A MAN KISSES LIPS OF PRETTY WOMAN

(By Associated Press.)

VALLEJO, April 28.—Two admirers will sit upon the board of inquiry ordered to investigate the famous Osburn-Evans kiss. With them will be two lieutenant commanders. The government, it appears, is sparing no effort to learn when a kiss ceases to be merely a kiss. The board of inquiry will meet tomorrow morning. It will be composed of Rear Admiral Louis Kempff, Rear Admiral William C. Wise, Lieutenant Commander E. W. Eberle and Lieutenant Commander W. Blamer. The hearing will be behind closed doors. Lieutenant F. W. Osburn will be invited to explain to his other officers why he bestowed a kiss upon the wife of Naval Constructor Holden A. Evans. Osburn's defense, as far as can be learned, will consist of the counter query, "Why does any man want to kiss the lips of a pretty woman?"

## K \$20,000 FOR LEASE FORFEITURE

Suit has been brought in the district court by C. D. Ray and E. T. Ray against the Rawhide Free Gold Mining company for damages amounting to \$20,000. The plaintiffs allege that they held a lease from the defendant company on a block of land in the Barber canyon section of the Sierra mining district, which was declared forfeited in violation of the agreement. The plaintiffs claim that they had started development work and sustained damages amounting to \$20,000 by reason of being ousted from possession having their lease declared forfeited.—Humboldt Star.

## ORC ELAW APPROVED BY CALIFORNIA EDITOR

Nevada is the latest of the easy-going states to fall into the line of arm. By refusing to grant a divorce to Virginia Harned (Mrs. E. Sothern), Judge Pike of Reno probably established a precedent which will be followed. The clause he divorce law which allows a defendant on service on the defendant in the county where he "may be found" in interpreted as meaning he, or she, may be found as a bona fide resident. That is the right interpretation. If proper for divorce exists it can only properly be established without resort to such subterfuge as suing states where neither party lives.—Francisco Chronicle.

## CHANGES LOCATION.

Mrs. Holly Helander, who has conducted the Unique boarding house to the Mass house, has rented the Creston hotel and will continue to furnish first class meals at reasonable rates. To those who desire home cooking, the table at Mrs. Helander's is inviting and will satisfy wants of all.

Notice in triplicate—lost affair for prospectors and contains carbon—150 copies in book. For sale at the Bonanza office.

Oakland	10	19	.345

### W. P. WILL HELP

### OUT RED BUTTE

One of the most promising camps in Humboldt county within a few months will be Red Butte, forty-five miles west of Winnemucca. Its ores contain a great variety of minerals, copper being the predominating metal. Since its discovery two years ago, Red Butte has been the scene of a large amount of faithful development work and the immense ore bodies, carrying an extraordinary percentage of the red metal, have been opened to an extent far beyond the prospect stage.

With the advent of the Western Pacific, daily growing nearer, and the introduction of outside capital, Red Butte will soon be occupying a prominent position in the mining world, deserved through the immensity, richness and widely distributed area of the already known ore deposits.

### STREET SPRINKLER BUSY.

For the first time this year, the street sprinkler made its appearance on the main thoroughfares of Tonopah yesterday, and started in on the good work.

### CASE CONTINUED.

The case of Stonewall Jackson Stewart, the expressman, who took five shots at William Spencer, the colored porter at the Big Casino on Tuesday, was continued yesterday in the justice court until today. Stewart is out on bonds.

## GRANT CRUMLEY AND HIS SACRED BUNCH OF MUSIC

HAS PIECE FOR ELECTRIC PIANO THAT IS WORTH SMALL FORTUNE.

If you have a desire to hear sacred music that is played only by the Royal Chinese band of Pekin, and which only during the past few years foreigners were allowed to hear, just ask Grant Crumley of the Nevada Club to start up his wonderful electric piano. For centuries this music was heard only by the rulers of the Chinese empire, and the legends of that country state that any foreigner who dared to listen to the rendering of the piece, would meet with instant death. A former member of the Royal musicians, who migrated to the United States not long since, transcribed the air for Sousa and it is now becoming a universal favorite. Mr. Crumley secured the piece at a large expense for, as he says, "Nothing is too good for the patrons of the Nevada Club."

Yesterday the piece arrived and Grant spent the afternoon playing it for a large assemblage. It is true that it sounds something like a bowl of Chinese noodles mixed with a concoction of chop suey, but Grant persists that there is class in it and he had ought to know, for what he doesn't know about music and electric piano's isn't worth knowing. When his electric piano arrived last week the confounded thing wouldn't go and Grant started to fix it. And he fixed it. The machine is now in a shape that when a roll of "Annie Laurie" is put in the box you are liable to hear the sweet tones of "Casey at the Bat" come floating out. As a fixer Grant has no equal. But don't fail to drop in the Club today and hear that famous chink piece.

## SOME NEW LAWS FRAMED UP FOR AUTOMOBILISTS

The American Farmers' Anti-Auto society, which recently held its annual convention, agreed upon the following road rules. For the benefit of the numerous drivers in Tonopah, the Bonanza gladly publishes them:

On discovering an approaching team, the automobilist must stop off-side and cover his machine with a tarpaulin painted to correspond with the scenery.

The speed limits of the country roads this year will be a secret, and the penalty for violation will be \$10 for every mile the offender is caught in going in excess of it.

In case an automobile makes a team run away the penalty will be \$50 for the first mile, \$100 for the second mile, \$200 for the third mile, etc., that the team runs, in addition to the usual damages.

On approaching a corner where he cannot command a view of the road ahead, the automobilist must stop at least 100 yards from the turn, toot his horn, ring a bell, fire a revolver, halloo and send up three bombs at intervals of five minutes.

Automobiles must be seasonably painted—that is, so they will merge with the pastoral ensemble and not be startling—green in spring, golden in summer, red in autumn and white in winter.

Automobiles running at night must send up a red rocket every mile and wait ten minutes for the road to be cleared. They will then proceed carefully, blowing their horns and shooting off Roman candles.

In case a horse will not pass an automobile, notwithstanding the scenic tarpaulin, the automobilist will take the machine apart as rapidly as possible and conceal the parts in the grass.

In case an automobile approaches a farmer's house when the roads are dusty it will slow down to a mile an hour, and the chauffeur will lay the dust in front of the house with a hand sprinkler worked over the dashboard.

### TAPT MAKES TWO

### NOMINATIONS

WASHINGTON, April 28.—The nominations of Edward E. Cushman of Washington for district attorney for the third division of Alaska, and Edward I. Nathan of Pennsylvania, for United States consul at Messina, Turkey, were sent to the senate Monday.
